Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Wednesday 17 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Warm with hazy sunshine in western, cloudier in east.

Today:
Western and southwestern areas seeing pleasantly warm sunny spells once any mist clears. Cloudier in north and east, with scattered showers in southeastern areas, a little drizzle in the northwest.

Tonight:
Clear periods in southwestern Britain, south and east Scotland and northeast England with a touch of frost. Cloudier elsewhere with a little drizzle in far northwest.

Thursday:
Cloudy with light drizzle in the far north with thicker cloud likely bringing light rain to some southeastern areas. Fine with good sunny spells elsewhere and feeling warm in sunshine.

Outlook for Friday to Sunday:
Some rain at first in the east, otherwise mostly dry but rather cloudy. Feeling warm in any sunshine, but the southeast colder with some overnight frost.
